Home Pros Performed!

Thanks to the crew at Home Pros Painting and Decking, our home and deck look great. The crew did a great job with prep work, sanding, filling with caulk before they applied their 2 coats of paint. My brother does a lot of construction and he thought the job was really complete and good, also.

Beside the home, the crew also tackled my rather worn deck. They completely restored it and put a beautiful stain on it to bring it back to really nice condition...look forward to bar-b-que time.

All in all, a great job and they kept me informed. The price was a little more than competitors, but their work certainly made it worth it. I have recommended Home Pros to some friends.

I appreciate the hard work and 5-Star results. Thanks, looks great!

The crew and everyone at Home Pros enjoyed working with you both to complete your project! Home Pros Painting & Decking Staff

*Cameron,
Thank you for the Decks
and miscellaneous staining.
It looks great and this
is my second job with
your company and I have
been impressed with your
work*
