Project: Paint or Stain Exterior Surfaces

Comments: Very helpful. The crew worked hard, cleaned up daily, and did a very nice job. it was so much better than our last painters. We will use ProCraft for our interior in the Fall.

Your Comments: Thanks so much...our crews always spend a lot of time in detailed prep-work. I think the finished product looks great and importantly, far outlasts! We look forward to doing your interior as well!

Project: Clean and Seal Decks, Fences, Patios, Drives or Porches

Comments: ProCoat did a good job and really worked with our schedule. They cleaned and stained our deck with minimal amount of oversite. Price was a bit high, but in the end I was glad we selected them.

Your Comments: Thanks, Bob...We know the stain job on your deck will really outlast.
